

# SOLUTIONS SEALERS

PRISTINE Natural Sealer is a state of the art solvent based penetrating sealer. It contains a carefully selected blend of solvents and resins which are renowned for durability. These resins are deposited in the capillaries of porous surfaces - leaving a barrier against water and oil-borne contaminants, with minimal change to the natural appearance of the surface. PRISTINE is ideal for terra cotta and other hard to keep clean porous surfaces.

## FEATURES

- Suitable for internal and external use.
- Premium long-life solvent-based product.
- Invisible finish which maintains a natural look.
- Allows grout or tiles to "breathe", which means sealing is possible without lengthy delays.
- Protects against water-borne and oil-based stains.
- Makes cleaning of tiles easy.

## CONTAINERS

1lt, 4lt, 10lt, 20lt, 200lt

## SUITABLE FOR

**Terra cotta**  
**Sandstone**  
**Slate**

**Tessellated tiles**  
**Clay pavers**  
**Concrete pavers**

## COVERAGE

1- 4 square metres per litre (per coat) depending on the porosity of the surface.

## TECHNICAL SPECS

colour: clear  
weight: .82 kg/lit  
solvent: alcohol  
pH: N/A  
D.G. Class: 3  
U.N: 1263

## ALWAYS TEST

Because every surface is different, we recommend that a small test patch is done to ensure the desired result is achieved.

*\*5 Year Warranty when applied by an approved applicator & maintained as directed.*
